**QUAY****Favors 3rd Terms,****Or Any Number of Terms****For American Presidents—Wants Mac to Have It.**

Washington, June 12.—"I agree with Gen. Grosvenor," said Senator Quay, "that the anti-third term tradition is all nonsense and that when the people like a man well enough to elect him a third time they will do so without consulting a bugaboo tradition in the premises. If Mr. McKinley does not want a third term he has a perfect right to say so, and no one can question the propriety of his announcement, but the people of the United States are not to be fooled. They know a good man when they see him. If they give their confidence to a president and find he serves them well they will elect him as many times as they like. There is no danger to the republic in a third term or any number of terms. Some time when the people get ready they will knock the third-term bugaboo all to pieces."

**RUBBER HEELS.****The Number Manufactured Is Increasing.**

Great numbers of rubber heels for boots and shoes of both leather and rubber, are being made in Akron and the consumption of rubber in this way is increasing.

The best evidence that the wearing of rubber heels is a habit that is growing is the frequency with which leather shoes equipped with rubber heels are called for. One leather shoe manufacturer has placed an order lately for 10,000 pairs of rubber heels, to be put on shoes before shipment from his factory.

**Unnecessary Loss of Time.**

Mr. W. S. Whedon, cashier of the First National bank of Winterset, Ia., in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the drugstore here and informed me that one dose cured him, and he is again at his work." For sale by all druggists. E. Steinbacher & Co., wholesale agents.

**MERELY****A Construction Co. Employed by Vanderbilts.****Some Plain Statements by an Official of Richland & Mahoning.****The Much Talked of "Scheme" Includes Several Vanderbilt Properties.**

Over the Nickel Plate road from Chicago to Fort Wayne; from Fort Wayne to Findlay over the Findlay, Fort Wayne & Western; from Findlay to Cairo over the Findlay branch of the Big Four; from Cairo to Akron over the Northern Ohio; from Akron to Youngstown over a line now under survey, and from Youngstown to Pittsburgh over the P. & L. E., constituting the general plan of which the road to be constructed by the Richland & Mahoning Railway Co. is a connecting link, the whole to comprise a short line between Pittsburgh and Chicago, and to be controlled and operated by the Vanderbilt interests.

"Thus is epitomized the much talked of scheme of the Richland & Mahoning Railway Co.," said Mr. E. C. Hurd, an official of that company today, "and the ridiculous predictions made concerning this company may be amply refuted by facts."

"To be plain, the Richland & Mahoning never expects to operate the roads it has under survey, nor never had any such intentions. That's not in its line. It is a construction company, not an operating company, and is merely to build a link to complete the plan of the Vanderbilt interests for a line from Pittsburgh to Chicago, as already outlined. The Erie, B. & O. and Pennsylvania companies have lines between those cities, and of course, the Vanderbilt interests to compete properly must also have a line. The line now planned is nearly the same length as that of the Pennsylvania, and shorter by about 20 miles than either the Erie or B. & O."

**AN EXAMPLE OF SAGACITY.**

"The self-styled 'railroad editor' of a local paper views the situation like a sage, and then announces that the Richland & Mahoning company is a 'closed incident,' and further intimates that its only purpose is to bluff the Vanderbilt interests into buying their road. It is not usually the case that an employer buys out the employee. Again it was stated that the Richland

**TENT SHOW Organized In South Akron— Local Talent Will Travel.**

Mr. James Ferguson and Mrs. M. Schorf of this city have organized an up-to-date vaudeville company which will tour the central and southern states the coming year. The talent with a few exceptions, is all from Akron. The opening engagement was given on Bachel ave. Tuesday night, and every number on the program was heartily enjoyed by more than 300 people. Mr. Ferguson, one of the managers, has had several years experience on the stage as a magician and his work last evening won the applause of all. Mr. Harley Thornton and Perry Hardesty presented a comedy sketch entitled, "The Talented Tramps," and received an applause which continued for 10 minutes. These gentlemen are from South Akron and

**A Brief Act From A Comedy Drama In Real Life.**

"They have nothing, owe much, and all the rest they will leave to the poor. What can we do with them?" Chief of Police John Durkin put this question to a good looking, very animated, well-dressed young woman who had called to make complaint against a neighbor woman who called her children names, she said.

"You can send an officer up there and make her apologize to me, can't you?"

there," said the Chief.

"And I want her to apologize! She has to apologize!" The dark-eyed lady's manner plainly said she would permit no trifling.

This brief act in the Chief's office Wednesday is from a comedy drama, entitled "A Double House." The residence is on Spicer st. and the war has waged for a year last past.

Columbus, O., June 12.—When John O. Davis and Robert L. **AN UNEQUALLED RECORD.**

There is a Rapidly Increasing Volume of Akron Evidence Rolling Up For the Great Medicine, Dr. A. W. Chase's Nerve Pills.

It would seem that hardly any one can take Dr. A. W. Chase's Nerve Pills without receiving marked benefit. The wonderful action of this medicine in putting people on their feet who are in a weak, run down condition is the talk of every place they are known. It is only a short time since they first came to Akron, yet today they are more in evidence for merit with Akron people than all other medicines combined.

Mrs. Sam Bolter of No. 536 Exchange st., Akron, Ohio, says: "Dr. A. W. Chase's Nerve Pills are a fine tonic. I was run down, felt sluggish, dull, listless and nervous. I was told of and got the Nerve Pills at Lamparter's drug store on South Howard st. and they made me feel well and good in short order. I feel bright and strong again and nerves very steady. I think it a great medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

**IN DEADLY PERIL.****The Narrow Path of Safety.**

The Alpine tourist who finds himself suddenly clinging with feet and fingers to a shelf of slippery rock overhanging a dizzy precipice, understands in a very literal sense the full meaning of the words, "There is but a step between me and death." His peril is so tragic in all its circumstances, so wild in its mountain setting, that the heart almost stands still at the thought of it.

But as a matter of fact every man walks the world with his life in his hands, and the path of safety is narrow for his feet.

An example of the constant peril in which we live is found in the alarming

number of deaths from consumption. The country is thoroughly aroused to the need of doing something to stop the ravages of the deadly germ of this disease. Several states have made liberal appropriations for sanitariums in favorable climates. The medical skill of the world is enlisted to fight consumption. Yet in spite of all that is done, the disease seems to gain ground instead of losing it.

**THE FORCE OF HANT**

How true this is may be judged from a recent report of Sanitary Officer Gorgas, of Havana, Cuba. It has been cable to the United States that yellow fever was epidemic in Havana. Dr. Gorgas answered that there is no epidemic. He says: "In the past month there were 72 deaths from consumption and 52 from yellow fever. Yellow fever therefore should not be considered epidemic more than consumption."

What light that throws on our acceptance of consumption! A score or so raised that yellow fever is epidemic because of 52 deaths in one month. Not a word was said as to consumption which in the same month claimed 72 victims, or over 35% more than died of yellow fever. The great question is: Why is con-

sumption so widespread? The answer is found in the general neglect of diseases which if neglected or unskillfully treated find a fatal termination in consumption. THE GERM OF CONSUMPTION IS IN- TIRELY HARMLESS

when the lungs are healthy. In a condition of health these germs are received with impunity. It is only when the lungs are "weak" that the germ is dangerous. For this reason the real danger to be guarded against is the incipient weakness of the lungs, the severe cold, the deep cough, and other affections of the organs of respiration. These diseases can be cured perfectly and permanently by the use of Dr. Pierce's Golden Medical Discovery.

"I was troubled with a bad cold, which settled on my lungs and left me with a miserable cough," writes Mr. Joseph D. Burns, of 318 Huestis St., Ithaca, N. Y. "I used two bottles of your 'Golden Medical Discovery,' after which my cough disappeared entirely. I cannot recommend your medicine too highly."

But "Golden Medical Discovery" is not a mere cough medicine. The cures of deep-seated coughs, bronchitis, etc., are but slight tests of the merit of this medicine. In many cases where there were hemorrhages, night-sweats, emaciation, and every symptom of disease which usually terminates fatally in consumption, "Golden Medical Discovery" has effected a lasting cure.

"I take great pleasure in sending you this testimonial," writes Mr. Will H. Whitmore, of Akron, Rockingham Co., Va., "and to tender you my heartfelt thanks for the restoration to health of my son, A. P. Whitmore, through the use of 'Golden Medical Discovery' and 'Pleasant Pellets.'"

Our son contracted a deep cold, and had a terrible cough. We called a doctor and he pronounced it irritation of the bronchial tubes, with asthmatic trouble, and he informed me that my son was liable to die at any time. He told me that if we could keep the bronchial tubes open, he might cure him; but after treating him several weeks and my son growing worse all the time, I concluded to try Dr. Pierce's 'Golden Medical Discovery' and 'Pleasant Pellets.' I had seen several miraculous cures brought about by the use of these medicines, and, of course, I had wonderful faith in them. I am so happy to tell you that I have not been disappointed, and that my boy is well. He used three bottles of 'Golden Medical Discovery' at home and one vial of the 'Pellets,' and was then well enough to go to West Virginia, taking a supply with him. I am just in receipt of a letter from him from which I quote: 'I am well and hardy and getting very fleshy.'

"The neighbors all knew the condition of my boy and they all said he had consumption and would not live a month, and the doctor told some persons after I commenced the use of your medicine that my boy had quick consumption and would have to die."

Persons suffering from disease in chronic form are invited to consult Dr. Pierce, by letter, free. All correspondence is held in strict privacy and sacred confidence. Address Dr. R. V. Pierce, Buffalo, N. Y. Accept no substitute for the "Discovery." The main motive of substitution is to enable the dealer to make the little more profit paid by the sale of less meritorious medicines.
